

# SHOW YOUR HEART

**The Borders Bill which is going through Parliament now is a major attack on people seeking safety and may undermine our obligations under international law.**

**TOGETHER WITH REFUGEES** is calling for a better approach that means:

- People can seek safety in the UK, no matter how they came here.
- People can live in dignity while they wait to hear if they will be granted protection.
- A kinder, fairer and more efficient system to decide whether people will be granted protection.
- Refugees and their local communities can build better futures together, with proper support for local councils to do this.
- The UK working with other countries to do our bit to help people who are forced to flee their homes.
